

# ROSEBUD SECONDARY COLLEGE

## BUS INFORMATION

Dear Parents and Students,

The college is pleased to offer your child the opportunity to travel on our contract buses and request that you complete this application form so arrangements can be made.

**ELIGIBLE STUDENTS:** (*Free travel*) Any student who lives further than 4.8 kilometres from the college (measured by the most direct road route) **and** within the Rosebud SC bus catchment area is entitled to use the free bus services available. Only one bus position will be allocated to each eligible student based on 'closest stop to the student's registered address'.

**INELIGIBLE STUDENTS:** (*Fares Apply*) As a courtesy, the 4.8km rule has been relaxed and some stops within this limit have been temporarily applied to assist ineligible students who are usually:

1. students residing outside the designated catchment area for our college ('travellers outside of zone'); students who travel from the townships of Mt Martha, Safety Beach, Balnarring and Flinders.
2. students residing less than 4.8km of the college, mostly from the townships of Tootgarook, McCrae Rosebud/Rosebud West and some of the students from Rosebud South (Waterfall Gully Rd and Bayview Rd areas).

**Note:** Students with more than one residence may request a 'semi-permanent' pass for an additional bus pass; travel will be conditional upon available space (a fare will apply to one bus).

**AVAILABILITY:** Please see the accompanying **BUS TIMETABLE** which gives information about the location of each bus stop, the approximate time of departure and code for each Bus Stop. For your future reference, a copy of the Bus Timetable will be printed in the College handbook for new students, however you may wish to separate this timetable from this application for your records. Discretionary daily passes are provided by the Bus Coordinator and Level Coordinator when requested by parents in writing; travel will be conditional upon available space.
