ROSEBUD SECONDARY COLLEGE ART SHOW

2018

The annual Year 12 VCE Visual Art Exhibition featuring works from Art -Media -Visual Communication and Design -Studio Art

Come and cast your vote for the Art Acquisition award. 19th Oct 4 - 6pm

PRINCIPAL'S NEWS

Welcome back to Term 4. It's only been a fortnight since we returned but you will see in this newsletter that we have got off to a busy start.

This afternoon and tonight we are hosting our Annual Art Show which celebrates Units 3&4 learning. I strongly encourage you to come along, whether you have a child involved in the showcase or not. The talent on display is outstanding. We are also holding our inaugural Science Showcase which will display some of the fantastic work from our Year 12 sciences. Both of these events are held in the Art building and the theatre and I look forward to seeing you there.

Over the holidays we had many activities running. We had students on a study tour in Japan and as you may have seen from the photos on the college Facebook page they had an amazing time. We also had many of our Year 9 students head off to Central Australia, which is always a brilliant learning experience. Many of our teachers ran Year 12 holiday revision classes during the holidays which prepares our students for their upcoming exams. Last week we held practice exams for these students to ensure that they have the best possible preparation. For our Theatre Studies students they held a performance to rehearse their monologues which they were formally assessed on last Friday. I thoroughly enjoyed these performances.

Last week we also hosted 2019 Year 7 parents for an information session about our BYOD (laptop) program and I welcome these new parents to our learning community. Carol Smith from the Frankston Mornington Peninsula Local Learning Employment Network (FMPLLEN) joined me last Thursday as a part of the 'Principal For the Day' initiative. This initiative is designed to build partnerships within communities and it was great to share all of the great things about our College with Carol. It was also beneficial to hear about Carol's role and the similarities with mine.

This term we will be very busy preparing for our new structure. If you have any questions I encourage you to come along to one of our Q&A sessions. The next one is being held on Thursday October 25 at 11am. Evening sessions will be advertised shortly.

Lisa Holt

MATHS TUTORING

Free Maths Tutoring Sessions are on after school each week from 3:00 - 4:00pm

Week 1: Wednesday Day 3 and Week 2: Thursday Day 9

Years 7-9: Room 111

COLLEGE NEWS

JAPAN STUDY TOUR

From the 12th until the 28th of September 12 students, Miss D and myself were fortunate enough to have the opportunity to visit Japan as a part of the college's Japan Study Tour. After flying into Nagoya we travelled to Gamagori and had an amazing homestay experience at our sister school, Gamagori Higashi Senior High School. While we were there we were able to experience Japanese school life. At Gamagori Higashi Senior High School we were treated like celebrities! We attended classes, helped during cleaning time and even had the chance to partake in Gamagori Higashi's athletics day! From Gamagori we travelled by bullet train to Kyoto. While we were in Kyoto we visited many temples and shrines including Kinkakuji - The Golden Pavilion. We also had a day trip to Hiroshima, where we visited the Hiroshima Peace Park, and Nara. From Kyoto we spent the rest of our trip in Tokyo. In Tokyo we went to a lot of places including Akihabara, the electronics district, Disneyland, the Studio Ghibli Museum and the CRAZY intersection of downtown Shibuya. The experience as a whole was amazing for everyone! We learnt so much about Japan and Japanese culture whilst having lots and lots of fun. I really want to thank all of the students and Miss D for making the trip such a success and making it so fun!

Mr Dwyer

COLLEGE NEWS

YEAR 9 CONOCOPHILLIPS SCIENCE EXPERIENCE

For the 10th Year running, a select group of 20 Year 9 students represented our College at the ConocoPhillips Science Experience. The program is hosted by The Australian Science Teachers Association (ASTA) and universities across Australia. This year our students attendance was sponsored by the Rosebud-Rye Rotary Club and were shuttled there and back each day by members of our Science department.

The program ran for three days and is designed to provide students with an interest in science and the opportunity to engage in a wide range of fascinating science activities. Each day is divided into various workshops where students work both independently and collaboratively with students across the state.

This years program had a strong focus around Coding, Robotics, Manufacturing and Virtual Reality, in addition to the more traditional disciplines of Biology and Chemistry. Students worked under the guidance of industry experts, university lecturers and science graduates to gain invaluable insight and understanding for the future of Science and Engineering in Australia.

All students expressed their immense gratitude for this learning opportunity and represented our college with pride.

Melissa Mavridis

COLLEGE NEWS

SEAMS STRENGTHENING ENGAGEMENT AND ACHIEVEMENT IN MATHEMATICS AND SCIENCE

This year the Science and Mathematics departments were asked to nominate 7 students excelling in their studies in Maths Methods, Chemistry and Physics, 5 in Year 11 and 2 in Year 12. As you can imagine, the decision was a difficult one, with several candidates to choose from however, the successful SEAMS candidates for 2019 are.

From Year 11: Eloise Armstrong, Zoe Dellaportas, Amy Holmes, Jack Heap and Tara Bond

From Year 12: Brooke Vernon and Zac Maynard

As a SEAMS participant these students are invited to attend two SEAMS camps during the year, either held at Monash University or the University of Melbourne. They will stay for two nights at the university residential college with fellow students from across Victoria. They'll also participate in interactive workshops and academic sessions to prepare them for Maths Methods, Chemistry and Physics VCE subjects, which are all fully funded.

During the year they will also have the option to participate in the Access Monash E-Mentoring Program where they'll be matched with an experienced Monash University student who will help them set goals for the future and work to achieve them.

SEAMS was developed by Monash University, the University of Melbourne, John Monash Science School, Elizabeth Blackburn Science School and independent experts.

Congratulations to these students and we wish them every success as they navigate the VCE.

Melissa Mavridis and Phil Garton

Heads of Science and Maths

COLLEGE NEWS

YR 9 LORAX TWO BAYS WALKING TRACK

On the 20th and 21st of September, the Year 9 LORAX Outdoor and Environmental Studies class completed their overnight bushwalk Experiential Learning Program. This experience saw students complete the 27 km walk from Dromana to Cape Schanck (or the reverse). This distance can be quite a challenge, however our students managed themselves very well. They provided their own food for the two days and cooked their own dinners! Students carried all they needed on their backs including tents, stoves, clothing, sleeping mats, water and more. This experience assists our students to get to know what is in our own backyards; we saw echidnas and kangaroos and started to identify many native plants and weed species on the Peninsula. A great way to end Term 3.

Brooke Picot

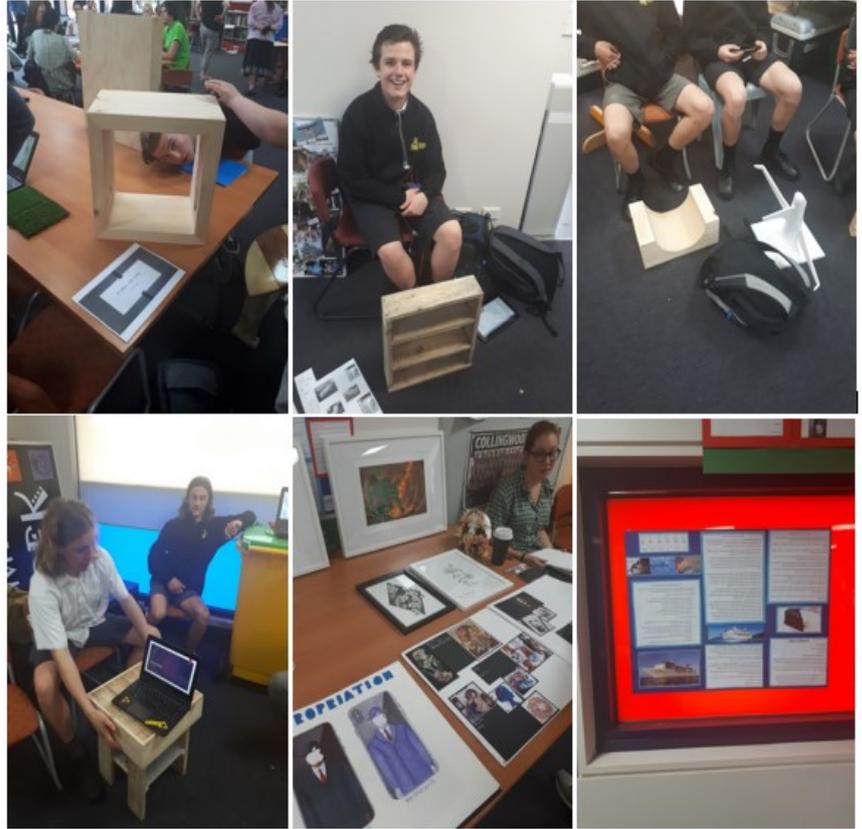

VCAL NEWS

2018 VCAL EXPO

This week we held the second and final VCAL Expo for the year. This is where students display their pieces of work and teachers from around the college and family members of the students come and observe the displays. This enables the students to engage with others about the work they've done and also allows people to see what sort of work the students have been completing. For this Expo the student's work came from their elective subjects: Project-based Learning, Art, PE and Design Tech Wood. The Intermediate Literacy classes also displayed some of their completed written tasks. A big thanks to all who took the time to come and interact with the students. The staff involved in the VCAL program appreciate it and I'm sure the students do as well.

Andrew Glover – VCAL Coordinator

COLLEGE NEWS

YEAR 12 VTAC APPLICATIONS

Important decisions need to be made by our Year 12 students for their future beyond Rosebud Secondary College. Students intending to go on and study at university or TAFE (excluding Chisholm) need to submit their applications and make payment by Thursday next week. SEAS and scholarship applications also close early next term. Students have all been given access to individual counselling sessions but students are most welcome to come over to the careers office for further assistance. Please see table below for further details.

Course applications	Open	Close	Fees
Late course applications	27 September (5.30pm)	2 November (5pm)	\$105.00 Late processing fee
Very late course applications (not available for graduate-entry teaching courses)	2 November (5.30pm)	7 December (5pm)	\$137.00 Very late processing fee
VCE results and ATAR	Online	Post4	
Closing date for change of address to receive ATAR statement by mail (Victorian current Year 12 only)	10 December (5pm)		
VCE results and ATAR	14 December (7am)	19 December	

COLLEGE NEWS

ART GETS PHYSICAL

Describing art and creative expression as part of her culture, Year 10 student Ebony Rose recently won the overall prize for secondary schools at the Friends of Mornington Peninsula Regional Gallery (MPRG) School Art competition.

Ebony, whose background is indigenous Australian and Fijian, created a pencil drawing of the lower halves of two salsa dancers in response to the competition's theme of 'On your marks, get set, go'. She was encouraged to enter the competition by her Art teacher, Naomi Ryan.

"I wanted to do something a bit different to the everyday Aussie sports," she explained. "Ms Ryan set us the additional challenge of only drawing the lower half of the body."

Four other Rosebud students entered the competition, with Ruby Menzies receiving a 'Highly Commended' for her drawing of a soccer player kicking a ball. Rosebud Secondary College also won the school prize for the overall creativity of its students' entries.

A REMINDER TO ALL PARENTS

STUDENTS WHO ARE UNWELL

- If your child is unwell please keep them at home until they feel better.
- If your child becomes unwell at school, they are to go to Sick Bay **FIRST**.
- Students ARE NOT to phone their parents.
- The SICK BAY COORDINATOR will call parents.

SIGNING STUDENTS OUT

- If an appointment has been made previous to the day, please write a note for the student to hand to their Co-ordinator or Pastoral Care teacher. They will be issued with a leave pass which allows the student to sign out at the appropriate time and ready for collection from Student Office.

SPORT NEWS

LAWN BOWLS NEWS

Since the last newsletter article we have played in 3 more competitions. As we had been successful in previous games we were invited to play in a tournament that would ultimately pick a Victorian side that would play at the National level. Our school won their section and we got the opportunity to play against NSW over a 3 day tournament. Our students now go down in history as part of the inaugural Victorian squad.

Last week the school bowls competition started again for 2019. Our team went through undefeated and are keen to try and mirror their efforts of this year.

I would like to congratulate the following students that have been part of the bowls team this year.

Ella Hilton, Ethan Whitelaw, Tom Rainsbury, Max Oliver and Dylan Breen.
