

Dear Parent/Guardian,

Rosebud Secondary College is looking forward to another great year of teaching and learning and would like to advise you of our college's voluntary financial contributions for 2022.

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. Extra-curricular items and activities are provided on a user-pays basis.

Ongoing and continued support from our families in regards to financial contributions to our college has ensured that our school can go above and beyond offering a standard curriculum program and allow our students to have a wide choice of subjects to pursue their chosen pathways. Working with our school council we have ensured that our school charges remain at one of the lowest levels in the state.

As can be seen over the last few years, we are investing heavily in our college facilities and in our staff and students. We continue to do this as we truly believe our students deserve the best possible opportunity to thrive and pursue their wide range of passions as they move through our college and onto the next stage of their lives.

We have also invested heavily in our House system and Wellbeing programs as we know the importance of supporting our students with their physical and mental health. This has never been more important than over the last eighteen months.

Even though fees are voluntary we all know that any extra funding that we receive enables us to provide the best possible opportunities for our students.

Rosebud Secondary College is an inclusive school where every child is supported and provided for. Your continued support has allowed us to create this environment in our college and the resources required.

For further information on the Department's Parent Payments Policy please refer to our college website under college

Yours sincerely,

Lisa Holt
